50 CENTS PER MONTH

JOHN R. WALSH IS CAPTIVE OF DEATH

Released From Federal Prison
Only to Become Victim
of Grim Reaper

HUMILIATION OF DOWN- FALL HASTENED END

Death Preceded By Only Brief
Last Illness—Complained
of "Feeling Tired"

CHICAGO, Oct. 23.—John R. Walsh died at his home this morning. The aged banker died of heart failure. He was released from the federal prison at Leavenworth on parole by President Taft only a week ago last Saturday.

At the time when Walsh's application for parole was made, his friends contended that his health was breaking and that he would die in prison unless soon released. Walsh, however, denied this. When the convict banker arrived in Chicago after his release his friends announced his intention of never again participating in active business, saying he would take a long rest before doing anything at all.

Yesterday Mr. Walsh complained of "feeling tired," and did not arise from his bed. The family was concerned and Dr. L. Blake Baldwin, his son-in-law, was called, and mild stimulants administered.

At noon Mr. Walsh was rapidly getting worse and the family physician was hurriedly summoned.

Members of Walsh's family believe that his death is due to brooding over his downfall.

FOWLER AGAIN HAS BIT OF HARD LUCK

Engine Stops at Height of
4700 Feet as Fowler Starts
for Yuma, Arizona

BANNING, Cal., Oct. 23.—Ascending near Banning at 7 o'clock this morning for a continuance of his coast-to-coast flight, Aviator Robert G. Fowler, experienced a little more hard luck when his engine broke at reaching the altitude of 4700 feet. Fowler descended safely, and telegraphed to Yuma, Ariz., for a new engine. It is estimated the accident will delay him two days.

LANDED AT BANNING
AFTER AN HOUR'S FLIGHT
RIVERSIDE, Oct. 23.—Messages were received here yesterday afternoon telling of the successful landing at 6:05 in the morning at Banning of Robert G. Fowler, the aviator, who had left here one hour before. The landing was made on the Stewart ranch, a mile southwest of Banning. Fowler having followed the Southern Pacific tracks from here.

For several minutes Fowler circled about in the air, selecting a spot where he could land in safety. Fowler's original plans were to fly to Yuma, on the Southern Pacific, and it is probable that he left today for that point, if he failed to start yesterday.

OSAGES HOSTS AT BIRTHDAY FEAST

Red Guests in Savage Garb
Joined Whites at Banquet
on Modern Lines

PAWHUSKA, Okla., Oct. 23.—In celebration of the tenth anniversary of their son Harry, and of the first anniversary of the birth of their daughter, Mary Grace, Paul Red Eagle and his wife, Cecelia, gave a feast at their home at the Indian village near this place. Not only members of the Osage tribe, but white friends of the family, were invited to the feast.

The tables had a seating capacity of 104 and were filled three times. All the dishes used were given as souvenirs to those who served the feast. There were eatables in great abundance, beef being the principal dish.

The Osages wear blankets, moccasins, paint their faces, and shave their scalps, leaving a high roach at the crown, and the assemblage was most picturesque. After dinner speeches were made by a number of the guests.

1000 Union Men to Join Strike in Los Angeles

LOS ANGELES, Oct. 23.—One thousand union members comprising the Los Angeles locals of the Brotherhood of Railway Trainmen, the Order of Railroad Conductors, the Brotherhood of Engine Drivers, the Brotherhood of Locomotive Firemen, and the Order of Telegraphers, will strike November 2, according to A. D. Yancy, chairman of the Los Angeles advisory board of the System Federation.

THE WEATHER

Fair tonight and Tuesday;
light northeast winds.

Dr. Grant Lyman
Goth Back to Frisco Jail

SAN FRANCISCO, Oct. 23.—Dr. J. Grant Lyman, held by the federal authorities for the illegal use of mails in promoting of Panama land investment scheme, was denied that request that his bail be reduced from \$10,000 to \$1000, when, arraigned by Judge De Haven in the Federal district court today. He was returned to jail to be tried here.

Thirty Miners
Caught in O'Gara Mine
HARRISBURG, Ill., Oct. 23.—Thirty miners are reported as imprisoned, with probably many of them killed, as the result of an explosion in the O'Gara mine, No. 9, here today. Two bodies have been recovered.

TAFT DECLARES U. S. NEUTRALITY

Signs Proclamation in Pierre,
S. D., of Neutrality in the
Italian Turkish War

PIERRE, S. D., Oct. 23.—President Taft today issued a proclamation for assuring American neutrality in the Italian-Turkish war. The proclamation was signed by the president today and immediately forwarded to Washington to be communicated to the belligerents.

Campaigning in South Dakota
PIERRE, S. D., Oct. 23.—President Taft invaded South Dakota today, and although the state progressives are temporarily in control, he was accorded a warm welcome.

Taft breakfasted with Congressman Burke, but the talk over the breakfast table was not made public. The special train will reach Huron next, where he will stop an hour before proceeding to Aberdeen which will be reached at five o'clock this afternoon.

BUSINESS BEGUN BY BANK

Placencia National Opens in Temporary Quarters
PLACENCIA, Oct. 23.—The Placencia National Bank opened for business in temporary quarters in the Hotel Baker. When the new bank is completed, which will be about the 25th, the Placencia National Bank will have one of the handsomest, most up-to-date and convenient homes specially built for banking purposes to be found in the state.

The initial capital stock is \$20,000 and this will be increased later on. The officers are A. S. Bradford, president; Thomas E. Barry, vice-president; and E. C. Hazzard, cashier. The directors are A. Pierotti, Chas. C. Chapman, Samuel Kraemer, Wm. Crowther, A. S. Bradford, Thos. E. Barry and E. C. Hazzard.

PACIFIC ELECTRIC EXTENSIONS TO BE SUBJECT ON WEDNESDAY

The committee having in charge the banquet to be given Wednesday evening at the Rossmore Hotel desires that everyone who expects to attend the banquet notify J. A. Willson, secretary of the Santa Ana Chamber of Commerce, before Tuesday night. The banquet, which is to be held at 7:30 o'clock is to be the regular monthly banquet of the Associated Chambers of Commerce of Orange county. The principal subject of discussion will be "Pacific Electric Extensions." Paul Shoup, vice-president and active manager of the Pacific Electric, has been invited to be present, and it is probable that other railway officials will be on hand.

The matter of Pacific Electric extensions is of the greatest interest in this county. There is not a community that has not expressed hopes of getting on to an extension.

There is no question but what the Pacific Electric is going to build to San Diego. Will it go by way of Tustin, El Toro and San Juan Capistrano? Will it go from Newport and Balboa down the coast through Laguna Beach, embracing the most picturesque stretch of coast in California?

NO ONE TO TAKE TAX REBATE MONEY

Auditor and Treasurer Want
to Know If They Can De-
stroy Old Warrants

OLD STACK IS WORTH \$284.29

Tangle Is to Be Referred to
District Attorney for a
Settlement

What to do with several hundred warrants, representing \$284.29, is the question that confronts County Auditor Lester and County Treasurer Joplin.

The warrants are for rebates for taxes collected on personal property over two years ago. When the assessor was making assessments he collected on personal taxes just as though the new rate would be as the year previous. If the rate was lowered, the county must rebate to each and every property owner for the amount over-collected.

These rebates run from a few cents well up into the dollars. When the warrants are drawn, those of whom there is any record get their warrants. Notice is mailed to them. If the rebate is fifteen cents, say, the property owner may proceed to forget his warrant. Many of the warrants have been mailed out and returned uncollected for at the postoffice.

The auditor has a stack of warrants a foot high, all for tax rebates of years further back than two years. His books must be kept open for them. They are an encumbrance.

Recognizing that warrants piling up in this manner would be a nuisance, the legislature passed a law allowing warrants not called for within two years to be cancelled. But that law may not apply to the tax rebate warrants. The money held for the payment of those warrants is not county money. It is a trust fund practically turned over to the county through the assessor as part of a sum with which to pay taxes when the rate was set. Can these trust fund warrants be destroyed?

The tangle is to be referred to District Attorney West. An effort is being made to straighten out the matter, which came up at this time as Tax Collector Lamb is preparing a schedule showing the rebates to be made for the past year, which will total \$123.89.

BUSINESS PART OF DOS PALOS WIPED OUT—\$1,000,000 FIRE

DOS PALOS, Cal., Oct. 23.—Fire of unknown origin, today swept the business district and threatened to destroy the entire town.

Damage to the amount of \$100,000 resulted, most of it being confined to the business houses as follows: Kincaid & Faye, Dos Palos National Bank, William Mumby, A. D. John, C. M. Sisson, O. G. Hill, Wallace Didever, M. Cline.

MINISTER FROM PANAMA
PANAMA, Oct. 23.—Ricardo Arias, ex-Secretary of Foreign Relations, has been appointed Panama Minister to the United States to replace Dr. Bellisario Porras. He has accepted the appointment.

PACIFIC ELECTRIC EXTENSIONS TO BE SUBJECT ON WEDNESDAY

The committee having in charge the banquet to be given Wednesday evening at the Rossmore Hotel desires that everyone who expects to attend the banquet notify J. A. Willson, secretary of the Santa Ana Chamber of Commerce, before Tuesday night. The banquet, which is to be held at 7:30 o'clock is to be the regular monthly banquet of the Associated Chambers of Commerce of Orange county. The principal subject of discussion will be "Pacific Electric Extensions." Paul Shoup, vice-president and active manager of the Pacific Electric, has been invited to be present, and it is probable that other railway officials will be on hand.

The matter of Pacific Electric extensions is of the greatest interest in this county. There is not a community that has not expressed hopes of getting on to an extension.

There is no question but what the Pacific Electric is going to build to San Diego. Will it go by way of Tustin, El Toro and San Juan Capistrano? Will it go from Newport and Balboa down the coast through Laguna Beach, embracing the most picturesque stretch of coast in California?

LEGISLATORS TO HOLD MEETING TONIGHT

Bishop Continues his Fight to
Have County Made Sen-
atorial District

REDISTRICTING IS TO BE DISCUSSED

Southern California Represent-
atives Are to Have a
Conference

Problems to be dealt with by the next legislature are to be the subjects of a conference of Southern California legislators to be held tonight at the Union League Club in Los Angeles.

Assemblyman Clyde Bishop of Santa Ana will attend. That Bishop will continue his fight to make of Orange County a separate senatorial district goes without saying.

Coming with the announcement of the meeting is the probable agreement among the assemblymen on the apportionment for senatorial, assembly and congressional districts in the south. Much secrecy is maintained as to what districting is to be made.

Secretary Thompson, secretary of the delegation, said today that no program had been arranged for the members and that it would be a complete surprise among them on the apportionment and the questions of legislation only.

It is known that much work has been done to prepare a bill for an apportionment that will be based on the numerical distribution of population, as the constitution requires and not one as proposed by Assemblymen Randall and Hamilton, where centers of population, like Los Angeles and San Francisco, are patronized for the benefit of the country districts. Since the governor made it known that he would veto any bill that was not fairly based on population the membership of both houses seem to have become reconciled to this method of redistricting.

Los Angeles County, under the new congressional apportionment, will have two members, and the division of the county will be left largely, if not wholly, to the Los Angeles members.

Other Problems
Some of the amendments to the constitution adopted by the people will require legislative enactment before becoming effective, while others will require no such action. In the case of the amendment giving to the railroad commission power to control and regulate all public utilities, the scope of this regulation and control will be determined by the legislature. If any action in this regard is to be taken at the coming special session it will be necessary to make provision therefor in the call.

The initiative, referendum and the recall, on the other hand, are now the law of the state, and may be out in force at any time, although in the case of the recall it is provided that the legislature may pass laws to facilitate its operation.

The initiative provides both for the submission of measures directly to the people, and to the legislature. With reference to matters submitted to the legislature, however, it applies only to the regular sessions of that body. Laws or amendments submitted directly to the people may be so submitted either at a general or at a special election.

The Redlands Facts, in discussing a proposed congressional district, says:

"It is probable that San Bernardino will be the northernmost county of a district consisting of San Diego, Imperial, Orange, Riverside and San Bernardino counties. These counties have within about 5000 of enough to form a district and the geographical subdivision is all that can be desired. It also gives to this district the bulk of the citrus growing industry, though the representative which has the east end of Los Angeles County will also have the burden upon him of pulling out a protective tariff for citrus fruits, while at the same time he will be expected to get lower duties on the clothes the orange grower wears, and the food he eats. Which the same is some job, from the standpoint of a congressman or anyone else."

"The chief topic of discussion tonight," said Assemblyman Bishop this afternoon, "will be redistricting the state."

CELESTIAN IN GLEE CLUB
SEATTLE, Wash., Oct. 23.—William Lai, a Chinese boy from Portland, and one of the features of the University of Oregon Glee Club last year, was one of the successful contestants for a position on the University of Washington Glee Club at a tryout held Saturday afternoon. Lai is one of the few Orientals who has a good understanding of Western music, and will sing first tenor.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 254.

CHINA'S ARMY BEATEN BY FIGHTING REBELS

Troops Suffer Sadly in Field Leaving
Supplies Behind Them—Rebel Success Looks Certain

SHANGHAI, Oct. 23.—With four of the eighteen provinces in China wholly under rebel control and several others threatening momentarily to join the revolution, the fall of the Manchu dynasty today seems certain. In all the rich, populous Yangtze valley the only important cities still under government control are Shanghai and Nanking, and feeling in both these places is ripe against the emperor. Business is paralyzed, commercial failures are imminent and citizens are panic stricken.

ARMY IN SUFFERING CONDITION IN RETREAT

PEKING, Oct. 23.—Dr. J. C. Ferguson, the American medical advisor on the Chinese board of communications, is en route to join General Yin Chang's retreating army, which is fleeing from Kwang Shi Li, where it was defeated by the rebels. Dr. Ferguson will supply the imperialists with medicine and other necessities, which the retreating troops were compelled to desert in Kwang-shu in their hasty evacuation.

The retreating soldiers are reported as in a bad way, with the wounded dying because of the lack of medical supplies, and the injured survivors of the battle suffering agonies with their unattended wounds. Reports that the prince regent is dead remain unconfirmed, and little reliance is placed in them. These reports are circulated principally because of the prince regent's failure to attend the cabinet meetings, and are discredited by many.

Defeat Was Disastrous
Fifteen thousand troops under the revolutionists general, Li Yun Hung, met and defeated the troops of the imperial commander, General Yin Tchang, numbering 20,000 near Kwangshui; the Manchu army retreated thirty miles, leaving their artillery, ammunition and an immense quantity of food supplies in the hands of the rebels.

of the rebels.

Other news followed the report of the battle, that the rebels had taken a railway tunnel near Chan Yang Chow, cutting off the retreat of the fleeing Manchus, and that the government troops on their way south from Peking to join forces with them had turned and were marching north.

CHINESE OVER THE WORLD ARE AIDING REVOLUTION

SAN FRANCISCO, Oct. 23.—A cable message was yesterday received from Shanghai by the secretary of the Chinese National Association Lau Kok Hall, ordering all Chinese residents of San Francisco to have their queues cut off under penalty of being considered sympathizers of the Manchus.

The National Association immediately posted a bulletin requiring all "hans," the name which distinguishes the revolutionists from the Manchus, to comply with this order, or forfeit their right as citizens of the new Chinese republic.

Millions for Revolution
Secretary Lau Kok Hall gave out the statement that more than 500,000 had been received in the last two months through this office and that millions more were being sent direct to the headquarters at Shanghai from the Chinese in all parts of the world.

JAPAN WILL KEEP "HANDS OFF" FROM CHINESE REVOLUTION

SAN FRANCISCO, Oct. 23.—Japan has decided to keep "hands off" the Chinese revolution, according to a dispatch received by the Chinese Free Press from its Tokyo correspondent today. This assurance that Japan will not harass or hamper the revolutionist forces under the pretext of protecting Japanese interests, added materially to the confidence of success at headquarters of the revolutionist societies here.

Japan has been mobilizing a large force on the Manchurian frontier for "military tactics."

PEDDLERS OF WALNUTS ARE HELD FOR INVESTIGATION

Two Mexicans with crooked stories and three sacks of walnuts to account for are being held in the county jail by Constable Jackson. The men say their names are Carmen Flores and Malito Soto. This morning they appeared at the Basket Grocery in Santa Ana with a sack of walnut meats, weighing fifty pounds, and two sacks of walnuts.

Constable Jackson was on the lookout for walnut peddlers, and he soon had the two Mexicans talking. Flores said he had just rented a place at Anaheim with fourteen walnut trees on it. Later he said he bought a sack and a half of culls and cracked them, producing the fifty pounds of meats.

Constable Jackson telephoned to City Marshal Kellenberger at Anaheim and learned that Flores had no walnut trees on his place. A laprofound in Flores' wagon fits the description of one stolen from a rancher named Edwards of Placencia.

Altogether Flores and Soto have a number of things stacked up that need explanation.

him irresponsible for anything he might have done."

SHOT AND KILLED WIFE
THEN COMMITTED SUICIDE

BOISE, Idaho, Oct. 23.—"Commodore" Gary, aged 60, shot and killed his wife with a shotgun today, shooting her in the back. The aged man then reloaded his weapon, went into the yard and told the neighbors to call the officers. He then placed the butt of the gun against the wall, with the barrels against his chest and pulled the trigger, dying instantly.

No cause for the tragedy is known.

OLDEST ILLINOISAN DEAD
ROCKFORD, Ill., Oct. 23.—Patrick Cleary, believed to be the oldest person in Illinois, is dead, aged 110 years. He was born in County Wicklow, Ireland, March 13, 1801, and came to Winnebago County in 1846, where he followed farming. Mr. Cleary used tobacco all his life. He was a remarkable man for his years and in full possession of his senses until a year ago.

BOSTON, Oct. 23.—The police have been unable to locate the receptacle which held the cyanide of potassium which is said to have killed Avis Linnell, whose murder Rev. Clearance V. T. Richeson is accused of.

It is asserted in some quarters that the young woman suicided.

Believes Cousin Deranged
ST. LOUIS, Oct. 23.—"If the Rev. Clarence Richeson killed Avis Linnell, he was deranged," said Samuel T. Richeson, a cousin, last night.

"My cousin lived in St. Louis a number of years," said Richeson. "He was always a sufferer from a nervous attack, which in my opinion, made

him irresponsible for anything he might have done."

SHOT AND KILLED WIFE
THEN COMMITTED SUICIDE

BOISE, Idaho, Oct. 23.—"Commodore" Gary, aged 60, shot and killed his wife with a shotgun today, shooting her in the back. The aged man then reloaded his weapon, went into the yard and told the neighbors to call the officers. He then placed the butt of the gun against the wall, with the barrels against his chest and pulled the trigger, dying instantly.

No cause for the tragedy is known.

He was a remarkable man for his years and in full possession of his senses until a year ago.

Take Religious Census on Wednesday Afternoon

Arrangements are well under way for the big task of taking the religious census of Santa Ana in connection with the County Sunday School Convention, which is to be held on Wednesday and Thursday of this week. The city has been divided into ten districts, corresponding to the voting precincts, and District Superintendents have been appointed who will again subdivide these districts into sections, assigning approximately 20 or 25 homes to each visitor.

The Visitation will take place on Wednesday afternoon. Promptly at 3 o'clock the visitors will leave the church, and proceed to the district headquarters, where they will be taken in charge and directed by the district superintendents. It is expected that the work will be completed in about two hours, and results will be reported at the evening session of the convention.

Workers from the following Sunday Schools will have charge of the various districts:

District Nos. 1 and 2 will be in charge of workers from the First M. E. Sunday school.
District No. 3, First Presbyterian.
District No. 4, United Presbyterian.
District No. 5, South Methodist.
District No. 6, Immanuel Baptist.
District No. 7, First Baptist.
District No. 8, First Christian.
District No. 9, Congregational.
District No. 10, Evangelical.

There will be a meeting of District Superintendents and visitors Tuesday evening, at 7:30, in the Congregational Church parlors. All district superintendents and volunteers for visitation work are urged to be present. Mr. E. S. Palmer, who is directing this work, and who has had wide experience along this line will be present and give instructions.

RACE WAR IN OKLAHOMA CITY

Martial Law Invoked in Cowe-
ta, Okla.—Negro Lynched
for Shooting White

BATTLE FOLLOWED ROW IN STREETS OF COWETA

White Girl Jostled From Walk
Was Beginning of All of
the Trouble

COWETA, Okla., Oct. 23.—Practical martial law prevails today as a result of a recent lynching and a threatened onslaught from the negro element. National guardsmen are patrolling the streets and more troops are expected during the day. It is estimated the negroes can muster a fighting force of 2000 men and there is every indication that a serious race war will begin today.

STORY OF THE TROUBLE LEADING TO MARTIAL LAW

COWETA, Okla., Oct. 23.—City Attorney J. D. Beavers was killed, two other white men were mortally injured, two negroes were shot yesterday afternoon and another lynched last night in a battle in Coweta between negroes and whites. Ed Suddeth was the negro lynched. He was riddled with bullets by a mob which intercepted officers who were starting with him to the Wagoner, Okla., jail in an automobile.

Earlier in the day, after Suddeth, who shot Beavers, had been captured, he was hanged to a railroad water tank, but was cut down before he was strangled and taken to jail. The white men shot are Carman Oliver and Stephen Thompson.

The trouble started yesterday, when a negro named Ruse jostled against a white man and a girl, pushing the girl off the sidewalk and into the mud. Edward Swazer struck Ruse. Another white man seized Ruse and held him while Swazer gave him a thrashing.

Ruse later paraded the streets with a knife and later attacked City Marshal Hurl who then opened fire on him. The negro Suddeth joined the fight, his shot killing a bystander, Attorney Beavers and wounding others. A general fight followed and Suddeth was captured. Negroes assembled in several towns and threatened to wipe Coweta off the map.

R. HYDE'S SECOND TRIAL OPENS TODAY

Once Convicted of Murder of
Col. Swope of Kansas City
—Verdict Reversed

KANSAS CITY, Oct. 23.—The second trial of Dr. B. C. Hyde, one of the leading physicians of this city, charged with having murdered Col. Thomas Swope, the late millionaire philanthropist, by administering strychnine to him under the guise of medicine, began here today.

Dr. Hyde was convicted of first degree murder on May 16, 1910, after a five weeks' trial. He secured a reversal of the decision by the Missouri Supreme Court. In addition to the death of Swope, Hyde was accused of introducing typhoid germs into the blood of the Swope family, being responsible for the death of a number of the inheritors of Swope's millions.

The trial opened with a victory for the defense, when, upon demand of Dr. Hyde's attorneys that they have a right to list 2000 veniremen to be examined as jurors in the case, Judge Porterfield ordered the list to be read in court.

The opening of the trial was delayed considerably by the late arrival of James A. Reed, federal senator from Missouri, who is the chief prosecutor in the Hyde trial. Reed's legal generalship in handling the forces allied against Dr. Hyde in the spring of 1910, is alleged by the defense to have been mainly responsible for the conviction.

BALL GAME CALLED OFF ONCE MORE BY JUPITER PLUVIUS

PHILADELPHIA, Oct. 23.—For the fifth successive time, the fourth game of the world's championship series between New York and Philadelphia has been called off. Rain fell steadily all last night, the sun appearing only momentarily today. The infield is ankle deep in water.

HORSE SHOT HAD RABIES

Owner of Animal Takkes Serum Treatment to Guard Against Infection

Anaheim Pl-in Dealer: On Tuesday, a driving horse belonging to Arthur Edwards, well known Placentia rancher, was shot and its brain found to contain hydrophobia cells.

Mr. Edwards was on Wednesday hastened to Los Angeles, where he was administered the hydrophobia antitoxin, it being feared that open scratches on his hand at the time of examination which he made of the mouth of the affected horse may have absorbed the hydrophobia germs. Also it was believed by Mr. Edwards that a part of the scratches were the result of a act of his hand with the teeth of the animal in the course of the examination which he made of its mouth in endeavor to ascertain if it was barley beards that caused it to act peculiarly.

Dr. McDermott, Fullerton veterinarian, was later summoned to see the horse, and in the belief that it was suffering from hydrophobia caused it to be shot. He removed the brain and brought it to the Anaheim Sanitarium, where recently installed apparatus was employed by Dr. Utter to determine the presence of the hydrophobia cells, which were found extant.

In the absence of antitoxin in the city and also in the absence of desirable special arrangements for the treatment of patients to whom the serum may be administered, Mr. Edwards was advised to go at once to Los Angeles, which he did. In the future, however, such recourse will not be necessary for the people of Orange county, as in addition to the testing apparatus which has been installed the Sanitarium has ordered all other desirable equipment, and this

will be installed at once. Also the Sanitarium management has established connection with the Berkeley laboratory and will have the advantage of fresh supplies of antitoxin from that source as well as the benefit of its advice and co-operation in the treatment of all cases that come to the care of the Sanitarium.

It is the belief that the Edwards horse became inoculated through the bite of a dog which belonged to Mr. Edwards. The dog was with the Edwards family at the beach during the summer. During the latter part of their stay at the seaside the animal acted peculiarly, and upon return to Placentia became so erratic that on August 15 Mr. Edwards killed the animal. Aside from crossness which it had exhibited in marked manner, the dog had given no indications that suggested hydrophobia, and after the animal had been killed the incident was forgotten. It came to mind again only with the developments of this week. The latter began with much uneasiness on the part of the horse, followed by an attack on a cow and another horse in the corral. Both these animals were bitten by the suffering horse before they were taken out. After that the horse became furious and commenced biting itself, tearing flesh from its body. It was then that the veterinary was called.

A valuable dog belonging to Ed. Crowther is believed to have been bitten by the Edwards dog during the late summer. Mr. Crowther took his dog to Los Angeles for treatment just as soon as he learned of the outcome of Dr. Utter's examination of the brain of the affected horse.

WOMEN WITH PILES

Be Cured By Simply Taking Sugar Coated Tablets

Constipation, tight clothing, and women's ordeals cause piles. Women suffer piles more than men and all will be grateful to know of a successful remedy in tablet form, that brings a cure without cutting, use of salves or suppositories. This guaranteed remedy is HEM-ROID, sold by Rowley Drug Co., Santa Ana, Cal., and all druggists. \$1 for treatment lasting 24 days.

ADDED FIVE FOR CONTEMPT

Newport Beach Is Working a
Talbert Frenchman on
the Streets

John Mogart, a burly Frenchman from Talbert, has been working out a \$10 fine on the streets. Early in August Mogart was arrested for being drunk and not having the money to pay his \$5 fine was allowed to go on his own recognizance upon setting forth that he was employed by Robert Boyd's threshing outfit on Newport Heights and that he would get the money and return and pay his fine. He got the money and skipped out. City Recorder Cornelius ran across him in Huntington Beach Sunday evening of last week, but Mogart got indignant and claimed that his name was Garcia. He was arrested in Talbert Wednesday by Deputy Sheriff Gilman and brought back to the City Recorder's court, where, in addition to the \$5 fine, he was given \$5 for contempt of court. The city allows \$2 a day for being in jail, so Mogart will work for the city five days for his board.

Paul Mariner was among the ranks of the mackerel snatchers on the wharf Friday morning. Paul had a lot of razor-back clams for bait, and, according to the opinion of some people, he would have been ahead if he had eaten the clams and let the fish go. But catching mackerel calls for little skill, and this is what makes people get out on the wharf at daylight these cool mornings when they should be in bed.

Walter Trickey has added a thoroughbred cat to his collection of livestock.

New names are daily being added to the petition asking the trustees to call a special election to vote light and power bonds in this city. It is a task that takes considerable time to get the required number of signatures, on account of the way the property owners of this city are scattered, but enough names have already been secured to make the gathering of the rest of the required number a comparatively easy task. There has been some comment on the wording of the petition, as it only mentions light and power, and some say that gas or electricity could not be used for heat under this provision. But the petition was drafted by City Attorney Bishop, who has carried through two bond elections for the city without an error, and the word "heat" was mentioned in none of the proceedings because it does not appear in the statutes. There is but little opposition to a municipal light and power plant here at the present time, and if the proposition was put to a vote now it would carry by a big majority.

For the first time in several months the corned mackerel made their appearance at the end of the S. P. wharf Thursday morning, and several three-pounders were hooked. Smaller mackerel have been caught in great abundance.

J. A. Ricker had a narrow escape from serious injury when he ran his machine part way off the grade over the railroad track in front of the livery stable Tuesday evening as he was returning from his walnut grove near Orange. Mr. Ricker had only his oil lamps burning and got too far to the left when going up the grade. His machine was hanging on the balance when stopped, and it required a horse to pull it off.

The days of the noisy, power-consuming planetary transmissions are numbered. Why buy one of this style when you may get one with a three-speed, sliding gear for a little more. Wm. F. Lutz Co.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Santa Ana who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases we have two larger sizes, which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Dean's Drug Store, 104 West Fourth street.

ORGANIZE TO BOOST TOWN

Company to Sell Real Estate
at New Station of Stanton,
Once Benedict

STANTON, Oct. 23.—The Stanton City Improvement Company filed articles of incorporation last week, and formally organized by electing the following board of directors: W. A. Zimmerman, John N. Anderson, J. C. Myers, J. N. Bell, R. Holby Myers, P. A. Stanton and F. C. Beecher.

The officers selected are W. A. Zimmerman, president; P. A. Stanton, vice president; R. Holby Myers, secretary, and John N. Anderson, treasurer. Mr. Zimmerman is also president of the Orange County Savings Bank of Santa Ana, and this institution was made the depository of the company. The company has acquired 100 acres at Stanton station, with frontage on both the Pacific Electric and Southern Pacific Railroads, and will at once proceed to lay out a model, modern town. A number of lots have already been spoken for, and several business firms are negotiating for sites. Within a short time the people will be able to patronize home industries.

News Briefs
The City Trustees have decided not to levy a tax for the ensuing year, the income from county road tax being sufficient to defray expenses of administration and build several miles of roads in addition.

The best season, which will close next week, has been a very successful one to the growers.

Many farmers are now cutting their eighth crop of alfalfa, due to the warm, sunny days.

Walnut harvest is in full swing, and will be for the next three weeks. The crop is above the average.

BREAKS A COLD IN JUST A FEW HOURS

Says Quinine Isn't Effective in
the Cure of Colds and
Grippe

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other remedy made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

James Willis Rice desires to announce that he has resumed his class. Those desiring violin instruction may communicate with Mr. Rice at Tustin, or phone Red 2024.

We have a splendid buy in a four-passenger, twenty-horse-power automobile. Wm. F. Lutz Co.

Representative Printing

If you want the public to believe that you produce or sell an article superior to that of your competitor, then your printing should convey that impression by its superiority.

If you want to impress the public with the distinctiveness of your concern or its product, then distinctiveness must be the dominant feature of the literature which represents your concern.

To combine these qualities—to make your printing representative of you and your product—is the constant study of this shop. It's the eternal fitness of things that count.

Register printing "fits"—and it counts—and it is sold on the assumption that there's economy in quality.

The Register's Job Department

IS CALLED HERE TO LUTHERAN CHURCH

Wisconsin Man to Assist in
Working Up Interest in
Denomination

OSKOSH, Wis., Oct. 23.—The Rev. G. Edward Kuhlmann of the First English Lutheran church has been called to Santa Ana, Cal., and will take charge of the work of organizing the English Lutherans on the Pacific Coast.

In Wisconsin the Americanizing of the old Lutheran congregations has been progressing rapidly and the American-born children of the old German Lutherans are making the English Lutheran churches in this state among the most important congregations. This trend has caused the call to Wisconsin, the leading Lutheran state, for Lutheran pastors for the west. Rev. Kuhlmann has organized four Wisconsin English congregations from former German churches.

NEWS BUDGET OF FAIRVIEW

FAIRVIEW, Oct. 23.—Miss Annie Lynde has returned from Stanislaus County, where she has been visiting a few months.

Mr. Clarence Bradbury is having a large well drilled on his place. Agnes Liberman fell and fractured her elbow, while playing with some children on her way from school, Wednesday.

Mr. J. W. Harlin started to Kentucky Monday. He will visit old friends and relatives.

Jaunita Bradbury was greatly surprised Thursday evening when all her school-mates gathered at her home. The children had a jolly good time. Cake and sandwiches were served as refreshments.

Buick 20 wins light car race at Santa Monica, making 101 miles in 102 minutes 21 seconds, making the fastest lap of the race, and breaking the record made by the Maxwell 30 last year. The Buick won over nine competitors, Maxwell 30, E. M. F. 30, Reo 30, Flanders 20, Sunset 30, Ford 20, Regal 30 and Locomobile 30.

Competition always proves Buick superiority.

ORANGE CITY GARAGE.

SAVING TIME by TELEPHONE

When a man feels the necessity of being in two places at the same time he goes to the nearest telephone and sends his voice.

It is not exactly the same thing, but when a man talks hundreds of miles in opposite directions from the same Bell Telephone, it is about as good.

In the daily use of the telephone a man travels all over town by wire in a few minutes. It is just as easy to travel all over the state and other states by means of the universal Long Distance Service of the Bell System.

sition of Beauty Spots

BIG DEMAND FOR CALIFORNIA FRUIT

Riverside Man Tells of Expe-
rience on Extended Trip
East and South

RIVERSIDE, Oct. 23.—That River-
side's prosperity is due in generous
measure to the part that her attractive
streets and parks have played in
attracting a desirable class of resi-
dents, and that her future will de-
pend materially on the attention that
is given these matters, has been the
contention of many citizens especial-
ly interested in this feature of munici-
pal improvement. J. H. Reed, after a
tour of several weeks through eastern
and southern cities, is more than ever
convinced of the commercial value of
public enterprises of this character,
and returns enthusiastic over the re-
sults that have been achieved by Kan-
sas City and Memphis.

The two southern cities he declares
are the liveliest that he visited, and
the credit for the prosperity that they
are enjoying is attributed largely to
the work that has been done in recent
years in the way of beautifying the
streets and parks.

Kansas City has been spending
about a million and a half on her
parks and boulevards. The latter are
improved at the expense of abutting
property, and the value of such im-
provements is exemplified in the
tremendous increase in valuation that
has followed. After paying the as-
sessments, property owners have
realized an increase of from 40 to 200
per cent.

At Kansas City the park board has
full charge of the boulevard build-
ing, this work having no connection
whatever with the street department.
The original purpose of the improve-
ment was to attract people to the city,
and this has been realized to a strik-
ing degree.

Memphis is only second to Kansas
City in improvements of the same
character. An interesting observa-
tion was that no trolley lines are al-
lowed on these attractive boulevards
connecting the park systems.

At New Orleans Mr. Reed felt he

YOU CAN BE WELL

Bounding health is your right—and you can
have it—if you go about building up your
system in a common-sense way. When one
organ is run down, the whole system is
thrown out of harmony, and chronic dis-
orders, such as constipation, liver, kidney
and stomach troubles, rheumatism, neu-
ralgia, complaints, nervous weakness and
general debility—quickly manifest them-
selves.

BRACKETT'S SYSTEM BUILDER

goes to the source of bodily weakness—the
blood. It purifies it and sends it vibrant
nourishment to every organ of the body. It
makes your liver and kidneys work as
nature intended—increases your capacity for
mental and physical labor—and restores
every organ of your body to natural—normal
condition.

112 W. Fourth St.

had come across some old friends in
the Robusta palms he found planted
in the grounds surrounding the new
marble courthouse building. The Can-
ariensis is another variety of palm
that is peculiar for ornamenting
grounds in that city. Mr. Reed re-
ached New Orleans the day of the fight
at McCloud, growing out of the strike
on the Illinois Central.

At St. Louis Mr. Reed met Director
Thompson of the Missouri Botanical
Gardens, which has the largest col-
lection of cacti in the world, with one
possible exception. Mr. Thompson
was in Riverside a year or so ago for
the purpose of selecting some of the
varieties that are in White Park, and
these now occupy a prominent place
in the gardens. Preparations are be-
ing made to move the collection into
its winter home under glass, a neces-
sary that involves considerable ex-
pense.

Mr. Reed has many interesting
things to say of his journeyings, his
itinerary taking him through Ohio,
Illinois, Indiana, a number of the
southern states, and Iowa, Nebraska
and Kansas.

No city visited failed to display at
every first-class fruit stand some
choice California deciduous fruit.
Even in northern Ohio and southern
Michigan, where this fruit is supposed
to reach perfection, California apples,
plums, peaches and pears were de-
manded and brought a higher price
than the local product.

Just why this is the case is hard to
explain, but the California fruit very
nearly took precedence over that
from any other section. One of the
probable reasons, aside from quality,
is the attractive way in which the
California fruit is packed and dis-
played on the market.

FOR CYCLING ON SIDEWALK

Policeman Ryan Takes in
Many Bike Riders on North
Main Street

Fifteen bicycle riders were arrested
Saturday night and yesterday by Po-
liceman Ryan. The arrests were made
on North Main street north of the
San Diego creek.

Ever since the cement sidewalk
was put in north of the bridge, many
bicyclists and motorcyclists have
but the residents were angered when
they saw motorcyclists hitting the
walk. Mrs. S. J. Jackman's mother
was knocked down by a motorcycle,
and there were other instances of like
nature.

Residents complained to the police,
and Saturday City Marshal Wilson
sent Policeman Ryan to the place to
arrest any and all who rode the side-
walk. Close watch was kept upon the
sidewalk until the practice of using it
for riding bicycles and motorcycles
has been broken up.

The names of those arrested by Po-
liceman Ryan and reported to City
Recorder Wilson are Joe Irvine, Ern-
est Crawford, Paul Schooley, A. N.
Rollo, Peter Encinas, A. O. Parger,
H. W. and J. M. Ross, Williams, F.
Mares, three Brancas, and brothers,
Ben Shrewsbury and George Smith-
ington.

Three Automobiles
Three arrests were made yesterday
on charges of speeding automobiles
faster than the limit prescribed by
city ordinance, fifteen miles an hour.
Those arrested are Henry Spencer,
Henry Kenton and A. H. Small.

CLOSE SHAVE WITH PIANO

Anaheim Man Narrowly Es-
caped Being Crushed—
Merchant Injured

Anaheim Plain Dealer, George Ger-
der, a well known young man of West
Anaheim, was severely hurt last week
when a piano which he was moving
from a wagon and fell with it
to the ground. Mr. Greder realized
what was happening and concluded
in the brief moment that he was
at his end. His head struck on a block
of wood in the road and "he piano
fell over him, he miraculously escap-
ing being crushed, although the heavy
instrument evidently striking him a
glancing blow, as attested by a broken
nose, a bad gash over and in the left
eye and bad cuts on the top and back
of his head. He was taken to the Ana-
heim Sanitarium, where his injuries
were dressed. His eyesight will be
saved. Wednesday he was able to
leave the immediate care of the doc-
tors and return to his home.

William Wickersheim, well known
Fullerton implement and vehicle
dealer, is on crutches as the re-
sult of a horse falling on him and in-
flicting bad bruises down his right
side and leg. Mr. Wickersheim was
leading the animal to water when it
jumped toward him. To save him-
self from being run over he caught
the horse about the neck and hung
on. After running a short way the
horse fell, its weight striking Mr.
Wickersheim on the side as he en-
deavored to roll out of the way. Mar-
velously enough, an examination
showed no broken bones or internal
injuries and the gritty business man
declined to be laid up beyond the use
of crutches.

Wm. Crowther returned on Monday
from a five months' tour of Europe
and is again actively identified with
his business interests in the city. Dur-
ing the week he has spent most of
the time in the offices of the Anaheim
Union Water Company, of which he
is president, catching up with the
back business. He states that his trip
was a most enjoyable one, while his
physical appearance leaves no room
for doubt that he benefited from it.
His daughter, Miss Ruby, stopped in
Boston on the way home and will be
the guest of friends in that city until
the first of the month, when she will
return to their Placentia home.

HIGH SCHOOL NEWS

HIGH SCHOOL IS DEFEATED

San Diego Players Took Long
End of a Close Score
Last Saturday

(By High School Students.)
The football game between San
Diego and Santa Ana was played at
San Diego last Saturday. The score
was 6 to 3 in favor of San Diego. At
the beginning of the game "Brick"
Grouard kicked to San Diego man
ran about twenty yards and was
downed. Santa Ana boys held San
Diego for downs and received the
ball. Play after play through the
San Diego line was successful, but as
the Santa Ana boys wanted to work
fakes they failed and the San Diego
team recovered the ball not far from
the goal they were defending. With
a few punts the ball was placed in the
center of the field. The first quarter
ended 0 to 0.

In the beginning of the second quar-
ter San Diego made a pretty punt
that was missed by Santa Ana's back
and rolled to San Diego's ten-yard
line where it was downed by a Santa
Ana man. A play was to follow, but
by a fumble of West, the quarter-
back, San Diego recovered the ball
on the one-yard line, and bucked the
ball over, with a goal. The second
was 6 to 0.

The game wore on, both teams play-
ing very poor ball. The game was
slow and uninteresting, the official
seeming to know nothing of
the game and although the two teams
were very friendly the officials argued
much with each other. The penalties
for both sides were numerous and
some very unfair.

In the second quarter a punt was
blocked by Bill Warren and the ball
went over the fence. The big "Scan-
dinavian" sealed the nine-foot fence
without even touching it, and recover-
ed the ball. By the lack of efficient
knowledge of the referee, this did not
count for a touchdown as it should.
In the third quarter "Brick" made
the place kick, making the score 6
to 3, the way it remained the remain-
der of the game.

To Debate Recall
The question for debate with Pomo-
na has been received and it is

Resolved, That the Recall of Judges
will be a benefit to the State.

This is certainly a live question al-
though the amendment has passed.
The debaters are hard at work look-
ing up material and when they are
well prepared they will be glad to
argue the subject with any lover of
debate.

The beginning debating class will
meet Polytechnic in a simultaneous
debate on the afternoon of November
29. The question to be argued will be:

Resolved, That 'closed shop' is
more beneficial to labor than the open
shop.

The class of twenty members is
now trying out for the four places.

The High School Fan

In improving the conditions at the
high school this semester, one of the
best improvements is the new electric
fan. This fan is for the purpose of
forcing hot and cold air into all parts
of the building.

Heretofore the cold air came
through channels to the furnace and
as it passed over it, was heated, but
there was no way to force it to any
certain room or rooms. But now with
the new fan, the heat can be forced
to any one or all parts of the build-
ing. Another feature is, if any room
gets too warm, this same fan, by turn-
ing off the heat, will force in cold air
instead of the hot.

Also at all times this fan will be
forcing pure air into the school and
by this constant circulation the high
school is properly ventilated and heat-
ed.

OBSTACLES TO OVERCOME

To the public at large, which has
watched with interest the amazing
growth of the Pacific Highway move-
ment, it might seem as if there were
no obstacle important enough to hin-
der its progress. In less than a year's
time the project has developed out of
an idea conceived by a few repre-
sentative good-roads men to the mag-
nitude of an international highway,
that will stretch, when completed,
from Alaska to the Straits of Magel-
lan. Like the proverbial rolling
snowball, nothing seems to check its
increasing impetus.

Yet more than once severe annoy-
ances have hampered the growth of
Pacific Highway. Last year adverse
and short-sighted legislation in Wash-
ington and Oregon threatened its
very existence at the tender age of
only a month or so. But the enthu-
siastic backers of this "Road of Three
Nations" refused to be discouraged;
and the danger-point was safely
passed.

A much smaller, but nevertheless
an irritating obstacle has more re-
cently been bothering the Pacific
Highway Association in the shape of
a tiny municipality between Seattle
and Tacoma on the Highway route.
It is known as Pacific City and stands
exactly on the King and Pierce county
line. The commissioners of either
county have graded and surfaced a
splendid forty-foot roadway to its very
doors, where they have a few of the
funds for road-improvement in an in-
corporated city. Only half a mile of
miserable, tortuous mud-trail here
separates the two splendid sections of
Pacific Highway. The mayor, who

Skirts Made FREE THURSDAY, OCT. 26.

Friday and Saturday we placed on sale 50 Tailored Hats at \$3.75, which was an
exceptional bargain. This week we are showing hats that are worth nearly double
what we ask. Come in and investigate.

Suits and Coats

This department is forging ahead at rapid strides. The reason is, the public is
learning from experience that ready to wear goods can be purchased at lower prices
here than in the city, and again, we make alterations free. New suits are being re-
ceived by express every few days.

We can save you several dollars on a suit or coat. Ascertain our prices.

THE STORE THAT MAKES SKIRTS FREE, THURSDAY, CTOBER 26.

California: It's History and Romance

By JOHN S. MCGROARTY

California's Most Loved Writer. Word Painter, Historian and Poet

The Book

was written to meet a special demand. It is the
only one-volume history ever published which gives
the whole story of California. Thoroughly indexed,
reliable, righting many wrongs, condensed into ten
chapters, more interesting than a novel and is, in all
the most wonderful, fascinating, interesting and
valuable work ever published in California. Splend-
idly bound, size 9 1/2 x 6 1/4, about 400 pages, printed
in good readable type and beautifully illustrated.

What It Means to California

The author has made this history a book that will
stand for all time to come as a "Masterly Literary
Production." It will be purchased by thousands of
tourists and eastern people who are contemplating
a western tour, as a guide. It will prove one of the
greatest advertisements for California ever pub-
lished and is just the book for you to send to any
relative or friend whom you are anxious to have
come to California, because it will make them want
to come. California's story told as only John S.
McGroarty can tell it.

What Has Already Been Done

\$10,000.00 worth of these histories have already been sold to private individuals in advance of its pub-
lication. Many leading lawyers, including the supreme court, bankers, doctors, capitalists, manufac-
turers and real estate men of the state are already patrons of the work. Its greatest endorsement is its
author. Some of the leading historical critics have been secured to review the work in MS form and to
pronounce it the best that has ever been written on California, and in unsurpassable style and form.
25,000 copies will be sold in California alone for Christmas presents. It will be the best present to the
"book world" for members of your family, especially for students, and for eastern friends. The rush on
the book is now on, and we advise that you place your order at once with your bookdealer for future de-
livery, as you may appoint to insure its delivery.
The Grafton Publishing Company, publishers of the West Coast Magazine, are the publishers of "Calif-
ornia: Its History and Romance." In order that it may help the publishers in the rush that is now on
and assure you the copies wished, the following coupon has been made to carry a cash value if used prior
to October 15, 1911.
The publishers urge the use of this coupon as it will greatly aid in the publishing of the work. It is ab-
solutely the same as cash, as the retail price is \$3.50 per copy.

COUPON

COUPON

COUPON

This coupon, if properly filled out and filed with your Santa
Ana book dealer prior to OCTOBER 15, 1911, will be accepted as
fifty cents on the purchase price of "California: Its History and
Romance," which is \$3.50 per copy. You pay no money until the
day you appoint to take the history. You only file your name
and order for future delivery, which is to be not later than
December 1st, 1911.

.....please file my order for
.....copies of "California: Its History and Romance"
which I agree to call for on 1911,
and pay a balance of \$3.00 on each copy ordered.

Address

lives elsewhere, refuses to act.

But the indomitable spirit which
stands behind the Highway was shown
the other night at a meeting of the
Automobile Club of Seattle, when it
was decided to appropriate \$500 if
necessary to assist the County Com-
missioners in grading this little
stretch, provided they undertook the
work. Thus the last obstacle in the
way of a most important link of Pacific
Highway, connecting two great
cities, bids fair to soon be no more
than a disagreeable memory.

Physiologists Disagree

There are few persons who realize
how greatly physiologists are at var-
iance in their estimate of the actual
work performed by the Liver. While
all agree that it is the largest and one
of the very important glands of the
body, when it comes to the question
of the actual work performed, there
seems to be a wide diversity of opin-
ion.

Practically all are agreed, how-
ever, that the principal work of the
Liver is the separation of such ma-
terials contained in the body as
might exert a poisonous influence up-
on the body unless thrown off.

Reall Liver Salts has been pro-
duced with the idea of assisting the
torpid Liver to perform its proper
functions in a proper manner, and
the success which has attended the
treatment leads us to recommend
this preparation to you.

If your case is not properly ben-
efited, we will refund all money you
may have paid us for the remedy.

In two sizes, 25c and 50c. Dean's
Drug Store, The Rexall Drug Store.

A Hoosier Kitchen Cabinet will
save its cost in a very short time. It
is not only an economizer of time but
saves your foodstuffs. It is a pantry,
cupboard and work table combined.

DIRE DISTRESS

It is Near at Hand to Hundreds of
Santa Ana Readers

—Don't neglect an aching back.
Backache is the kidneys' cry for
help.

Neglect hurrying to their aid
Means that urinary troubles follow
quickly.

Dire distress, Bright's disease.
W. N. Nelson, 902 East Fifth street,
Santa Ana, Cal., says: "Six or seven
years ago, while living in Pennsylv-
ania, I used Doan's Kidney Pills and
was relieved of pains in my back
from which I had suffered. Occa-
sionally my back was so painful that
I could scarcely turn over in bed. In
addition to this, I also had rheumatic
pains. The contents of a few boxes
of Doan's Kidney Pills, procured at
Dean's Drug Store, removed my
aches and pains and I have had no
cause for complaint since."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.
Remember the name—Doan's—and
take no other.

There are six petitions in circula-
tion. They are in the hands of J.
N. Anderson, V. E. Blodgett, C. A.
Riggs, E. H. Huntington and C. R.
Munson. Anderson's petition has
about sixty names upon it, and he
has made no systematic solicitation.
He says practically everyone to whom
the paper is presented signs it.

Blodgett has a petition that is being
circulated chiefly among the women,
and is said to have a large number
of names upon it. C. R. Munson, who
has one of the lists, lives on North
Main street north of the Santiago
creek. He was knocked down recent-
ly by a bicycle rider on the sidewalk
in front of Munson's property.

These petitions will be presented
at the next meeting of the City Trust-
ees.

J. W. Shaul, M. D., eye, ear, nose and
throat. Glasses fitted. 110 1/2 East

GOT TWELVE TONS AN ACRE THE FIRST YEAR

Oceanside Blade: The 150 acres of
sugar beets planted by S. R. Dunn near
Ysidora, is being harvested and is
yielding about twelve tons to the acre.
This is considered a fair yield for the
first year because the land was pre-
pared and the beets put in much later
than the proper time. A gang of Mex-
ican laborers is now engaged in top-
ping and loading the beets of which
there will be about 100 carloads. The
beets are being shipped to the factory
of the Southern California Sugar Co.
near Santa Ana. The tops are valu-
able for cattle feed and are worth
from two to three dollars an acre.

POLITICAL TRAINING

No truism is so true as that constant training is necessary to efficiency, and this is especially so in the matter of popular government. Government requires a peculiar skill, and if the people are going to govern themselves they need to be constantly training themselves, or their work of government will be done poorly.

The people have now taken into their own hands more power than ever by means of what are known as the direct legislation amendments to the state constitution. Direct primaries were adopted two years ago, and have so far worked very well, ever better than the most sanguine supporters of direct legislation had hoped for at first. Now in addition we have the initiative, referendum and recall, upon a statewide basis. It will be necessary for the people to show on the one hand that they can employ these new powers circumspectly, so that the power will not be abused, and that they will be employed efficiently when needed in order that these arms of the government will not become atrophied through disuse.

It is to be presumed that the initiative will be necessary only when it is manifest that the legislature is refusing year after year to propose and pass laws which the great majority of the people, of the state demand. Such a law as that for the abolition of race track gambling, which a universal public opinion finally had a hard time to get through a reluctant legislature. The initiative will prevent the need of bringing enormous pressure to bear upon legislators when the time and patience saving device of a petition is substituted.

The next step in the advance of popular education in governmental affairs will doubtless be the short ballot. It is evident that the voters as such can educate themselves regarding all the state offices to be filled, but it is also apparent that they do not wish to do so. The average voter is not concerned as to who holds the minor offices, provided only that the work be efficiently performed. The defeat of short ballot propositions in the last session of the legislature was secured not through the legislators as representatives of the people but through legislators as friends of various office holders, who thought that they might not be able to hold their jobs under new conditions.

Not a voter in the state but who not only knows who is running for governor but who wants to know all about the governor and will do all within his power to keep track of his actions. The garish light of publicity is thrown upon that office as upon no other. The reduction of the length of the ballot will provide for an administration of the departments at Sacramento through the governor that the people choose, making him responsible through his election and the power of recall which may be invoked.

It is very possible that the coming session of the legislature may be called upon to consider certain short ballot propositions which failed of favorable consideration at the regular session.—Fresno Republican.

HELPING BOYS TO HELP THEMSELVES

"The only door to the Parental Home is through the juvenile court," says Frances A. Groff, writing in Sun-Set Magazine for November, of the Los Angeles County Parental Home and the remarkable work of its superintendent, John Quincy Adams, Jr. "Boys committed are not deemed convicted of any crime, though they are on probation and report to the officers."

Here is a case of removing a boy from unfit parents—there an erring lad comes from a good home. In the majority of cases the whole family, root, trunk, branch and nut, is unfit. "We have some very hard nuts to crack," said Mr. Adams, when he first took the home. "One of the commonest features is the utter lack of comprehension of the true meaning of their offenses. They are as acute as foxes, and pride themselves on their skill in thievery, in lying, in eluding and deceiving the officers, in throwing dust in the eyes of the very court. The hardest to dislodge is their intense admiration for those who have instructed them in these arts and created their false standards of life."

Originally boys were sent to the home for very short terms, and it was hard to get a real hold on them. "The best we can do," Mr. Adams said then, "is to teach them the beauty of cleanliness, the saving grace of a toothbrush, and the enormity of a lie."

Mr. Adams put in a business, combined with a merit-system. The boys

do most of the work about the place. Each one is allowed for this \$4.50 a week, out of which he is charged \$3.25 to \$3.75 for room, board and washing. He buys his own clothes, and everything he can save from his weekly allowance is given him in coin. The boys' clothes don't cost so much as when they were given them. They take extra care of their own. They are allowed to make money on the side, if they wish. Neat little sums have been realized from the poultry business, blackberry picking, the raising of vegetables for the market, and so on. One of the downtown boys bought candy at wholesale and retailed it among his mates. This brings up the merit part of Mr. Adams' plan. A boy with three thousand points to the good may go to work downtown, have special quarters in the home, and attend night school.

When a boy has his three thousand points, Mr. Adams personally sees to getting him a job at a standard wage. Most of them go as delivery boys, or helpers in printers' or engravers' shops. Nearly every boy who starts out has saved enough to buy him a wheel. Mr. Adams keeps track of these boys after they have departed, encourages them to visit him and make him their confidant and friend. Often boys beg to come back, and sometimes he manages it for them.

MAN IS WORTH \$4.50

We have often heard the forceful argument that if man is not immortal he is not as good as a hog; because a hog is good to eat—at least hog meat tastes good to most people, while man isn't fit to eat, except for cannibals. But it has remained for a latter day European scientist, who probably doesn't believe in immortality, to reduce us to our proper level of worth, or worthlessness.

We all remember, probably, "what little boys are made of," but it has taken our European scientist quite a while to figure up what the average man is made of and to state it in commercial terms. This average man in health, he finds, has the material for 13 pounds of tallow candles, 1 pound of nails, carbon sufficient for 100 pencils, skin to make bindings for 16 octavo books, bone for 500 knife handles, 28 violin strings, 20 teaspoonfuls of salt and 1 pound of sugar.

In the market the average man would fetch about \$4.50, as raw material, or about 3 cents a pound live weight. He is, therefore, says the Pathfinder, not worth half as much as the same weight of pork.

HOW CITIES ARE ADVERTISED

Detroit and Cleveland are advertised by their automobiles in every magazine, weekly and newspaper, and the machines carry their names into every town. Breakfast foods and sanatoriums have made Battle Creek, Mich., known over a continent. Shoes advertise Boston and St. Louis, the latter also receiving wide publicity through its hardware. Elgin and Waltham are known for their watches. Furniture carries the name of Grand Rapids into every home. Steel products and pickles speak for Pittsburgh. Insurance suggests Hartford and Jersey. Talking machines talk for Camden. A hundred mail-order houses and manufacturers advertise Chicago and New York.

Orange county is advertised by sugar, walnuts, oranges, lemons, celery, beans and other products of excellent quality and prodigious quantity, and incidentally Santa Ana is advertised to some extent by the same. But is Santa Ana adequately advertised by the products of its surrounding country, supplemented in small measure by literature setting forth its attractions and advantages? Oughtn't we to have a factory or two or three or ten or a dozen? Oughtn't we to have that model district or union polytechnic high school between here and Orange, or that best-of-all recreation park, or both? Oughtn't we to have the best system of roads in Southern California? In short aren't there a dozen ways in which we could advertise ourselves, not only at no cost but at a profit incident to the means of advertising? Any of the means above suggested would be money-makers aside from their advertising value.

If You Are from IOWA

You know, if you are from Missouri we would like to "show you" Sinclair's Cedar Rapids Hams and Bacon.

We often hear the expression "I wish I could get some of the good old eastern hams and bacon." You can and the price is only 20c for Hams and 25c for Bacon.

ADVANCE IN LIMA BEANS

One of the principal features in the bean market is the advance in Lima. It has been thought, following the persistent statements of the Association that Lima prices would be cheaper, that values would decline rather than advance. The Association has, however, in view of the discovery of some short sales, advanced its quotations and the growers are holding firmer as well. It is reported that \$4.50 shorts are being covered at \$4.90. Other varieties in beans show only minor fluctuations in value. Whites both large and small, show a tendency to firmness.—California Fruit Grower.

SOLONS FROM SOUTH TO MEET IN CITY FOR CONFERENCE

LOS ANGELES, Oct. 23.—State senators and assemblymen from all of the southern district, who expect to stand together in the special session of the legislature to be called by Governor Johnson, will hold a meeting at the Union League Club tonight. Senator Lee C. Gates presiding. All of the proposed legislation to be taken up at the special session, which Governor Johnson is expected to call immediately following the San Francisco election on November 7, will be discussed at this meeting, and a plan of action outlined for the session at Sacramento. Among subjects to be taken up will be the redistribution of congressional districts and legislative representation under the census of 1910.

800 CASES AWAIT CONSIDERATION OF THE SUPREME COURT

WASHINGTON, Oct. 23.—More than eight hundred cases await the consideration of the supreme court of the United States. This was the largest number that had faced the court at the beginning of a term in about twenty years. With cases being brought from the state courts, from the district, circuit and circuit courts of appeals from the customs and the commerce court, the supreme tribunal is hardly able to dispose of the cases as fast as they are docketed, to say nothing of the hundreds already on the docket.

MICHIGAN WOMAN ON TRIAL FOR HER HUSBAND'S MURDER

ONTONAGON, Mich., Oct. 23.—The trial of Mrs. Laura Stannard, accused of poisoning her husband, opened with the selection of the jury. Indications are that choosing a jury suited to both sides will be difficult because of the prominence of the persons concerned and the notoriety that has been given the case. The chief witness for the defense is Grace Hammes, who was employed by Mrs. Stannard at the time of her husband's death. She is closely guarded.

Mrs. Fifeather—Are you taking your husband abroad this year?
Mrs. Benton—No, I decided last year when he insisted upon speaking of the Venetian gondolas as canal boats that the real charm of Europe is lost upon him.

FRANCE UNFOLDS TALE OF GREAT SPY SYSTEM OF JAPAN

PARIS, Oct. 23.—A new Japanese spy organization, with a capital of \$1,000,000 to replace the old system of the so-called tourist agents, is the sensation which a French press agency, the Agence d'Extreme Orient, launches into the world.

The agency vouches for the genuineness of a secret circular in its possession, which, it says, has been distributed from Tokio to all Japanese consuls in China, Indo-China, Siam, Burma and India.

The circular is to the effect that Japan is about to extend her influence, and has decided to establish branches of the new organization in every important town in each of the countries named. Branch leaders will be preferably military officers, who, ostensibly acting in a commercial capacity, will supply the Japanese government with military, strategic and diplomatic information.

FRANCISCO MADERO PLANS VISIT TO TAFT IN NEAR FUTURE

EL PASO, Texas, Oct. 23.—Particular importance is attached here to the announcement today that President-elect Francisco I. Madero, of Mexico, is to visit President Taft in Washington in the near future. In view of the unsettled conditions in Mexico, which include the threatened overthrow of the existing government, it is believed here that Madero intends to confer with President Taft on the intervention of the American government for the protection of American interests in Mexico when the Reyes revolution starts.

Intention Announced by Madero
EL PASO, Tex., Oct. 23.—Francisco I. Madero, president-elect of Mexico, is planning a visit to the United States to discuss Mexican affairs with President Taft, providing the meeting can be arranged at a time preceding his inauguration.

This information was received here in a telegram from Monterey. Madero is now in the vicinity of Monterey.

FOUNDER OF ANTI-CIGARETTE LEAGUE NOW POLICEMAN

CHICAGO, Oct. 23.—Miss Lucy Page Gaston, founder and superintendent of the Anti-Cigarette League of America, has become a member of the Chicago police force. She obtained her commission from Chief McWeeney.

"I can now make the arrest without looking for a policeman whenever I see a boy smoking a cigarette," said Miss Gaston after being sworn in. "The Chicago police intend to make a vigorous campaign against boys smoking cigarettes."

The Chicago police have the power to arrest all minors seen smoking cigarettes in public places.

MUST NOT ADVERTISE

WASHINGTON, Oct. 23.—A ruling handed down by the Treasury Department prohibits banks designated as postal savings depositories from advertising the fact. The department holds that postal savings funds are private funds, and banks holding such money have no right to announce themselves as United States depositories.

Fire Raged All Sunday CONSTANTINOPLE, Oct. 23.—

Stamboul is threatened with complete destruction by fire. Flames raged all of yesterday, and at 5 o'clock last evening more than 1000 buildings had been destroyed. At that time the inadequate and antiquated apparatus for fighting fire had made no impression and the flames swept through the Sultan Bayezid quarter. Many lives are reported to have been lost.

Colony Lives as in the Past
Wrapped in the dark superstition of the middle ages, a colony of Russian Cossacks still endeavors to hide itself away in Anatolia, Asia Minor affording a rare field for research for the student of the historical. About 3000 of the forefathers of these Cossacks left Russia for voluntary exile 350 years ago. Their departure was occasioned by an attempt to enroll their names for census purposes in writing. According to the creed of these peasants, the writing down of their names jeopardizes their chances of salvation, for it involves the curse of Antichrist, enabling him to set his seal upon them. During the whole of this time the Cossacks have kept their identity absolutely intact. They speak a Russian dialect bearing the same relation to the language of the present day as does our Modern English to that of Chaucer. They wear the Russian dress of three centuries ago, and even grow herbs, uncultivated elsewhere in Anatolia, to make the dishes that were the food of mediaeval Russia.

MILITARY TRAINING IN THE HIGH SCHOOL

Editor Register: The man who carries the revolver is the man who, when a misunderstanding arises or something is said or done that touches his honor—God save the mark—that makes heart-broken widows, mothers, fathers and and helpless orphans on one side and on the other side leaves the burden of disgrace to add to troubled hearts and a trial that is degrading to the community and a burden to the tax-payers of the state, when the man who never carries a revolver would have settled the matter in a way which would probably have involved no one but himself and the other fellow.

The Santa Ana druggists will not sell a deadly poison unless you tell what use you are going to make of it. Then they will label it and, if you give or take a dose of it in away that causes trouble it can be traced to them.

"I should say no gun should be allowed to leave the murder factory where it was made without first being numbered, and its number recorded by the government. The wholesale dealers should account to the government for every such gun, by its number and the retail dealer should receipt whatever should be sold at second-hand or to a minor of either sex, and any gun traced by number to a second-hand sale or to a minor should subject the seller to fine and imprisonment. I should have candidates for the board of education declare, before election, whether they are for Peace or War. Then the citizens should not decry—as they are doing today in Santa Ana—the election of members on the board of education who want to put guns in the hands of boys in our high school. These citizens know the cloud always precedes the rain, and military training, encourages the boy to disobey God's command "Thou Shalt Not Kill."

A TAX PAYER.

WAR SHIP FLEET TO DOCK AT SAN PEDRO

LOS ANGELES, Oct. 12.—The assemblage of warships that will be gathered in San Pedro harbor at the last of this month and the first of next will be the greatest by far that the Pacific coast has seen since the Atlantic fleet visited this coast on its round-the-world trip. The combined tonnage of the fleet to assemble this month will be 116,245.

Los Angeles particularly is planning a series of entertainments in a social way for both officers and men, which is expected to be the most brilliant ever offered to any body of men visiting Los Angeles.

The warships that are to rendezvous in San Pedro harbor are given below with their displacements.

Social and Club Circles

W. C. T. U. Meeting Tomorrow

The next regular meeting of the Santa Ana W. C. T. U. will be held on next Tuesday, Oct. 24, at the home of Miss Sarah Finley, 636 French street. The program is to be in charge of Mrs. J. H. Scott. All interested in temperance are cordially invited to be present.

The women of the White Ribbon Band, who have so long been praying and valiantly working for the enfranchisement of women, have not only special occasion to rejoice over the recent victory of "votes for women," but have an added responsibility which it is well to discuss at these meetings. The near approach of the election in the Fifth Supervisorial district, while one in which the women of Santa Ana cannot vote, is yet one in which every temperance woman is deeply interested. This Union has pledged its influence in that conflict, and no meeting from now on should be neglected by the members but taken as an opportunity to discuss the best ways to assist in a temperance victory in that district.

Monday Club

The Monday Club meets this evening. Mr. W. C. Roberts will read a paper on "Church Problems and Conditions."

Rebekah Rally Night

A cordial invitation is extended to all members of the order and their friends to attend the home gathering and rally night to be held under the auspices of Torosa Lodge, Wednesday evening, Oct. 25, at I. O. O. F. Hall.

A program, refreshments and dancing will be enjoyed. Clyde Bishop will ably conduct a registration bureau. A silver offering will be taken at the door.

Postponed Travel Class

The Young Ladies' Travel Club, which was announced for Wednesday of this week has been postponed two weeks, until Nov. 8.

Philharmonic Rehearsal

The Philharmonic Society will meet tomorrow night at the First Congregational church at 7:30 to rehearse the music selected for the first concert to be given by the society.

Flowers-Campbell

At the courthouse this morning Miss Roxie Campbell became the bride of Dwight E. Flowers. Both are

Orange County Conservatory of Music

One of the strongest and most gratifying proofs of our success is the large number of our old pupils who are again with us this year. An institution that holds its patrons from year to year does so only through merit.

We aim to make every bit of our work worthy of the best patronage. This we have done, as our enrollment list well testifies.

Our work is always the most successful when we have the enthusiastic co-operation of Parent and Pupil. For this we earnestly strive.

Pictures a Necessity

A necessity as the prince of gifts. A necessity as the most attractive house furnishings in existence. Did you ever think about Pictures. A picture is the universal language, before printed pages, pictures were: "A picture never changes style or fashion."

It is its own sweet self, and suggests only the dear friendship of the giver.

Why not come to our store and see our line of Water Colors, Carbons, Pastels, Carbonette, Sepias and Platinums?

popular young people of this city. The ceremony making them man and wife was performed by Justice Cox.

The third section of the Household Economics meets tomorrow (Tuesday) afternoon at the home of Mrs. Crosier, 1413 North Main, at 2:30 p. m. Ladies will please remember that this is the day for the donations to the Day Nursery.

Personals

Mrs. R. C. Merritt of Lovington, Ill., is visiting Mrs. Ida Birt. Mrs. Merritt formerly lived in Santa Ana, and expects after a short visit to locate permanently on East First street.

Mrs. L. M. Packard, who has been visiting her mother, Mrs. Gully, at Orange, and friends in Santa Ana, left for her home in Los Angeles this morning.

Miss Angele made a brief visit to Los Angeles this forenoon. Misses Daisy and Hazel Roberts returned to Los Angeles last evening after an over Sunday visit here.

Mrs. L. J. Carden and Miss Helen Carden, Mr. and Mrs. J. S. Hill spent today in Los Angeles.

Mrs. Louise Perry and son Alfred Perry of Los Angeles came down Saturday afternoon for an over Sunday visit with friends here, returning to the city last evening.

Miss Jessie King of Cucamonga spent Sunday in Santa Ana visiting relatives.

Mrs. Awe of Tustin spent today in Los Angeles.

Oliver P. Jones Dead

Sunday at the home of Mr. and Mrs. Geo. S. Smith, on French street, Mrs. Smith's father, Oliver P. Jones passed away.

Mr. Jones had been ill for many months before death came to relieve the sufferer. With his family Mr. Jones came to Santa Ana twenty-four years ago from Iowa. He was a Grand Army man. He is survived by four children, Mrs. Geo. S. Smith of Santa Ana, Mrs. M. H. Peeler of Placentia, Robt. F. Jones of Olinda, and Joseph H. Jones of Maricopa. His wife died in Santa Ana, May 21, 1911.

Reception Nov. 3

It has been decided to hold the annual High School Sophomore-Freshman reception Friday, Nov. 3. Where it is to be held is not yet decided, for the hall at the high school is thought to be too small for such a large gathering.

Attention Comrades

—You are hereby requested to attend the funeral of Comrade O. P. Jones at the funeral chapel of S. W. Smith & Son, at 2 o'clock p. m., on the 24 instant. Turn out all that can.

By order of J. M. TALCOTT, P. C. H. F. STONE, Adjt.

ATTORNEY'S FUNERAL ATTENDED BY MANY

One of the most largely attended funerals ever held in Santa Ana was that Saturday afternoon, when services were held at the First Presbyterian church preparatory to laying Attorney Victor Montgomery in his grave. The Bar Association of Orange County, of which Attorney Montgomery was the oldest practitioner in this section and of which he was president, attended in a body. Superior Judge West and seven attorneys were the pall bearers, and the trustees of the First Presbyterian church were honorary bearers.

Music was by the quartet of the church and Mrs. James S. Rice, who, by request, sang "Face to Face."

Rev. J. A. Stevenson conducted the services. The floral offerings were very numerous and beautiful.

Attention Knights Templar

—A meeting is called at Masonic Hall at 7:30 this evening to make arrangements for attending the funeral of our deceased brother M. N. Whitney to be held on Wednesday, Oct. 25th. W. M. CLAYTON, Em. Com.

Love's Supreme Test

"Nobody will set out a woman's garbage can for her but her servant, her husband or her lover." This is not the persiflage of a vaudevillian or the mockery of a cynic. It is the grave declaration of a referee in a divorce case where it was proved that the defendant husband had not only carried home groceries for the co-respondent, but had looked after the garbage pail. Shakespeare classed the lover along with the poet and the lunatic, because they "are of imagination all compact." The referee in this case classed him with the husband and the servant because of a servitude absolute. The argument of the referee in support of his conclusion was quite simple. "A man's affection for a woman," he said, "is shown by his willingness to take trouble on her behalf, to do little services for her, to do with a willing hand that which a man not in love would deem tiresome, troublesome and disgusting."

Then it is not the champagne dinner nor the lobster supper nor the auto ride nor the diamond ring nor even the sonnet nor the offer of marriage of love.

—The Flanders "20" is not built to compete with cheap cars that make money for the repair men. Wm. F. Lutz Co.

FUNERAL SERVICES SATURDAY AFTERNOON

On Saturday afternoon at 3:30 the funeral of Mrs. Maria Ross, wife of Charles Ross, was held from the family residence on Bush street. The bearers were Stephen Ross, C. S. Forgy, W. L. Duggan, C. A. Preston and Theo. Lacy of Santa Ana, and Mr. Green of the Palms. Miss Elsie Harrison sang most beautifully "Jesus Lover of My Soul" and "Some Day the Silver Cords Will Break." Rev. C. H. Seecombe, pastor of the First Congregational church, of which Mrs. Ross was a member, conducted the services.

WALNUT GROVE SOLD

A Thirty-Acre Ranch Near Oxnard Brings \$18,000

Oxnard, Oct. 23.—Six hundred dollars an acre has been secured for walnut property at Carpinteria, which indicates the manner in which property of that nature is steadily increasing in value. The ranch was sold by E. W. Hoffman, and being a thirty-acre affair, brought \$18,000. The same section reports that the beans are practically threshed in that vicinity and that buyers are offering first class prices to many for the crops.

ITALIANS SAID TO HAVE BEEN HALTED IN BENGHAZI SCRAP

LONDON, Oct. 23.—A dispatch to the Chronicle from Tripoli says:

"It is believed that the Italians at Benghazi suffered, if not actual defeat, at least a severe check. It is rumored that they were severely handled by the Turks and their Arab auxiliaries. The only news given out at Tripoli Saturday was to the effect that the Italians suffered some losses. The sea, it was stated, was too rough to disembark more troops. Meanwhile the sea at Tripoli was calm as a mill-pond. Color is given to stories of a disaster by the sudden departure for Benghazi of four warships and a hospital ship."

DR. DAY MUST RESIGN BY JAN. 1 OR BE OUSTED

LONG BEACH, Oct. 23.—Though two whole days were devoted to the case of Dr. Day, charged by the Presbyterian synod with teaching unorthodox doctrines in the San Anselmo Theological University, the question was seemingly dropped yesterday after the vote of the synod asking that the teacher resign by January 1st or be ousted. At the session Saturday and yesterday no reference was made to the time being devoted to devotional matters. The session closed last night.

ORANGE COUNTY S.S. CONVENTION OCT. 25

Annual Session of Sunday School Workers to Have Two Days Meet Here

Each Sunday school in the county is asked to send a delegate to act as a member of the nominating committee of the Orange County Sunday School convention that is to meet in annual session on next Wednesday and Thursday, Oct. 25 and 26, at the First Christian church in this city. The session will open at 9:45 o'clock Wednesday forenoon with Miss Meme Brockway in charge of the lesson to be given at a model Sunday school session.

The convention will be a profitable one, as good speakers will be present at every session. Reports from the International Sunday School convention will be given. A handsome silk flag will be given to the school having the largest per cent of its membership present at roll call on Wednesday morning. This convention will be an excellent preparation for the State Sunday School convention to be held at Los Angeles, on November 7-9. All pastors of churches in the county, superintendents of Sunday schools, county and district officers, and one accredited delegate for each twenty-five or fraction thereof of the enrollment of each Sunday school, are delegates to the county convention. The program follows:

PROGRAMME

Wednesday Morning

9:45—Model Sunday School Session. Intermediate lesson taught by Miss Meme Brockway, State Elementary Superintendent.

11:15—Roll Call of County Sunday Schools. (Each school is asked to report enrollment: number in Roll; Home Department and Teachers; average attendance; number conversions, and anything else that may be helpful to other schools). A handsome silk flag will be given the school having the best percentage present at roll call.

11:30—The Advantage of Teachers' Meetings to a Sunday School, by Rev. H. E. Murkett. Discussion.

11:50—Announcements.

12:00—Lunch in dining room. Hot tea and coffee provided.

1:00—Nominating committee meet in Gleaners class room.

Wednesday Afternoon

J. A. Knapp, president Santa Ana district, presiding.

1:30—Praise and Prayer—Rev. J. H. Scott.

1:45—Conferences. Elementary, primary room; Miss Avis Knowlton presiding; Miss Meme Brockway, specialist.

Adult Bible Class—Auditorium. Rev. C. C. Bentley presiding; Rev. A. V. Kimmel, state superintendent; A. B. C. specialist.

Home Department—Ladies' Parlor. Miss Edna Masters presiding; Mrs. H. S. Gordon, specialist.

Temperance—Sunday School Room. Mrs. J. H. Scott presiding; Miss Ada Cummings, State Secretary; Y. P. Branch W. C. T. U. specialist.

Teacher Training—Baraca Room. W. H. Thomas presiding; T. A. Waltrip, General Secretary Southern California Sunday School Association, specialist.

3:00—General Session.

3:10—Home Visitation; E. S. Palmer, Michigan Sunday School Association. Discussion.

Wednesday Evening

Theo. A. Waltrip, General Secretary, presiding.

7:30—Praise service led by W. D. Coffman. Devotional, Rev. Paul E. Wright, Santa Ana. "Echoes From San Francisco." Report will be given by Rev. A. V. Kimmel. Rev. A. Kennedy, Miss Brockway, Harry W. Lewis, Miss Blanche Collings and others.

Piano Solo, "The Chimes"—Miss Martin.

Quartette, "The Church in the Wilderness"—Boys from M. E. South Sunday school.

Thursday Morning

S. R. Coate, president Anaheim district, presiding.

9:30—Praise Service, W. D. Coffman. Scripture, Rev. A. F. Stern.

9:50—How Our Denomination Can Help the Sunday School Association and How the Sunday School Association Can Help Our Denomination. (Each speaker given five minutes.)

Methodist, Rev. F. D. Ashleigh, Garden Grove; Presbyterian, Rev. F. W. Mitchell, Anaheim; Congregational, Villa Park representative; Christian, Rev. A. W. Glover, Fullerton; Baptist, Rev. J. W. C. Swan, Huntington Beach.

10:20—A Great Need—Trained Teachers—Rev. C. H. Seecombe. Discussion.

11:00—Practical Christianity a Need of the Church. Theo. A. Waltrip. Discussion.

Thursday Afternoon

Mrs. Lillie Shaffer, president Westminster district, presiding.

1:30—Scripture, Praise and Prayer, Rev. W. L. C. Samson.

1:45—Graded Work After Two Years' Testing—Miss Meme Brockway. Discussion.

2:45—Missionary Work Among the Chinese, Mrs. May Chisholm Brown.

3:45—Reports. Presentation of Flag. Election. Place for next convention.

4:00—Local Mission. Each Mission is allowed 15 minutes for program.

Thursday Evening

New president presiding.

Lutz Co.CASCARETS SURELY
STRAIGHTEN YOU OUTNo Headache, Biliousness, Upset
Stomach, Lazy Liver or Consti-
pated Bowels By Morning—Are you keeping your bowels,
liver and stomach clean, pure and
fresh with Cascarets, or merely forc-
ing a passage-way through these al-
imentary or drainage organs every
few days with salts, cathartic pills,
castor oil or purgative waters?Stop having a bowel wash-day. Let
Cascarets thoroughly cleanse and reg-
ulate the stomach, remove the undig-
ested, sour and fermenting food and
foul gases, take the excess bile from
the liver and carry out of the system
all the decomposed waste matter and
poisons in the intestines and bowels.A Cascaret tonight will make you
feel great by morning. They work
while you sleep—never gripe, sicken
or cause any inconvenience, and cost
only 10 cents a box from your drugg-
ist. Millions of men and women
take a Cascaret now and then and
never have headache, biliousness,
coated tongue, indigestion, sour stom-
ach or constipated bowels. Cascarets
belong in every household. Children
just love to take them.SAN DIEGO IS AFTER
PURE MILK SUPPLYInspector Parks Meets With
Valley Dairymen and Ex-
plains New OrdinanceOceanside Blade: Dr. Ion W.
Parks, dairy inspector of San Diego,
was in San Luis Rey Tuesday and at-
tended a meeting of the dairymen of
the valley, about fifty being present.The object of the gathering was to
discuss the measures which San Diego
is taking for securing pure milk and
which affects San Luis Rey and other
portions of the county from which the
city secures its milk supply.Dr. Parks proposes to enforce the
city ordinance by which milk which
is not produced under certain sani-
tary conditions prescribed in the or-
dinance is to be barred from the city.That is to say those dairymen who
refuse to put their dairy farms into
the shape desired will not be allowed
to sell their product in San Diego.Most of the conditions laid down by
the inspector at Tuesday's meeting
were of a simple nature and some of
the dairymen of San Luis Rey are
already conducting their business un-
der such conditions. One of the first
requisites is a stable with a good floor
in which the cows are to be milked
under conditions of cleanliness.Strange as it may seem in this day
and age some dairymen yet milk their
cows in the corral or field where the
dust is a foot deep in summer and the
mud equally deep in winter.Another condition required of dai-
ries whose supply is to go to San Di-
ego is the aerating of the milk, that
is the removal of the animal heat im-
mediately after milking by passing
the milk over a sheet of cool water.The object of this is to delay the
development of the bacteria which
sour milk and which develop much
more slowly when the milk is cooled.The necessary apparatus is said to cost
about twenty dollars. Another re-
quirement is a screened receptacle in which
to keep the milk. In a general way
the regulations prescribe the keeping
of the premises clean by whitewash-
ing buildings and by similar means
and a personal cleanliness on the
part of those attending to the milking
and handling the milk.Under the provisions of the ordinance
the inspector will visit the dai-
ries supplying milk to the city and
will inspect them to see if the condi-
tions are being lived up to. Another
duty will be to visit the families of
those conducting dairies to guard
against infectious diseases. In this
connection it was brought out recent-
ly that an epidemic of typhoid at
Standford was traced to the fact that
the milk dealer who supplied the uni-
versity was in the habit of washing
his cans in a spring, ordinarily con-
sidered a source of the purest water.In this instance the spring was shown
to be infected from a neighboring
cesspool.At Tuesday's meeting the best of
spirit was shown, those present show-
ing a disposition to comply with the
conditions laid down and on his part
the inspector stated that in the appli-
cation of the law ample time would
be given those so disposed to comply
with the conditions. Those who re-
fused would of course be debarred
from shipping to San Diego and the
San Luis Rey creamery would be
compelled to refuse to take the milk
as all they handled went to the city.The matter of the license charge
of six dollars per year was considered
apparently of little importance and
has not aroused in the country the
opposition that has developed in the
city from those keeping one or two
cows and supplying their neighbors
with milk.READ THE

The readers of this paper will be pleas-
ed to learn that there is at least one
dreaded disease that science has been
able to cure in all its stages, and that is
Catarh. Hall's Catarh Cure is the only
positive cure now known to the medical
fraternity. Catarh being a constitutional
disease, requires a constitutional
treatment. Hall's Catarh Cure is taken
internally, acting directly upon the blood
and mucous surfaces of the system,
thereby destroying the foundation of
the disease, and giving the patient strength
by building up the constitution and as-
sisting nature in doing its work. The
proprietors have so much faith in its
curative powers that they offer One Hun-
dred Dollars for any case that it fails to
cure. Send for list of testimonials.Address: F. J. CHENEY & CO., Toledo,

LOS ANGELES PRODUCE MARKET

The feature of the market was the advance in quotations on several of the staples.

Eggs were one of the commodities that were altered in quotations, at least as far as local varieties were concerned. Canned stock moved up to 47 cents and case counts sold at 43. The advance was not looked for as the continued light offerings were not in keeping with the heavy demand. The same quotations prevailed at this date last year. There was no change in eastern or storage stock. Arrivals of the morning were 68 cases.

Creamery extra butter advanced 1 1/2 cents, and firsts were quoted 1/2 cent higher. Dealers asserted that the advance was due to a heavy demand for the better stock and continued light offerings of these grades. No change was noted in other grades. Receipts of inferior grades were liberal but the call was light for them. Another increase is looked for shortly in the better grades, if receipts continue as light as they have been the past week. Creamery extra butter at this date last year was quoted at 35 cents. Receipts were 42,694 pounds.

There was little activity in the cheese line. Offerings of full creamery stock were in keeping with the demand, and a firmness was noted throughout the day. Eastern dairies were in good call and jobbed at 17 cents. Receipts were 4576 pounds.

There were few changes in the fresh fruit line. Apples and grapes were about the only fruits that commanded any attention from prospective buyers. Offerings of apples were liberal and a general firmness prevailed throughout the day on all varieties. Bellefleurs were about the best in call and the top figure on 4 tier stock was \$1.15. Ganoes at \$2.25 a box moved freely.

There was good movement of Muscat grapes. Most of the stock was cleaned up early, selling around 8 cents a lug box. Other varieties were in heavy receipt, but there was a poor call and dealers were willing to shade prices in the buyer's favor.

Arrivals of Saway peaches were moderate, the market was sluggish. Good stock was offered from 75 cents to \$1.00 a lug box.

The first shipment of cranberries received from the east to our market was a few small lots on the market selling from \$9.75 to \$10.00 a barrel, this article will be scarce for the next week, by which time a fresh supply is due from the east.

The potato market continued to rule under the revised figures. Offerings were only 46 sacks. The light receipts did not affect prices as most of the dealers are carrying a small surplus to allow for off days.

Sweet potato receipts were 28 sacks. The market was steady.

Onions continued to move slowly in a dull market. Arrivals were 466 sacks. The market ruled firm to steady.

GOD'S LONGER DAYS A THOUSAND YEARS

Mankind's History the Workday of Great Week.

The Length and Value of Time Viewed From the Divine Versus the Human Standpoint—Pastor Russell Still Abroad.

"A thousand years in Thy sight are but as yesterday."—"A day with the Lord is as a thousand years."—Psalm xc, 4; II Peter iii, 8.

PASTOR RUSSELL

He said in part:

From the Divine viewpoint, earth's history, from Adam's day until now, is merely the workday portion of a great week whose Seventh Day or Sabbath of a thousand years is "the day of Christ," the "last day," "the day of judgment" or trial for the world, the day in which "every knee shall bow and every tongue confess to the glory of God," the day in which "the righteous shall flourish and the evil-doers shall be cut off in the Second Death."

In the Divinely-arranged custom of the Jews the new day began at sunset. Thus we are in the evening or beginning of the great Seventh Day of the Divine Week—the day which means so much of blessing, uplifting, privilege, opportunity of Divine favor to our race through Messiah's glorious Kingdom, which throughout this Seventh Day will reign "from sea to sea and from the river to the ends of the earth," putting down everything contrary to the Divine standards and uplifting the world of mankind (bought with the precious blood of Calvary) from sin, meanness, degradation and the tomb.

"Six days shalt thou labor and do all thy work, but the Seventh is the Sabbath of the Lord thy God. In it thou shalt not do any work." Whoever reads carefully, intelligently, the pages of history must be struck with the working energy which has been manifested by our race and is still being manifested.

Next the Lesson of Good

The forbidden fruit of Eden was from the tree of the knowledge of good and evil. Doubtless the Creator would eventually have given a full knowledge of both good and evil to our first parents. They were merely forbidden an immediate plunge into knowledge, to their own disadvantage. Gaining knowledge before its due time, Mother Eve disobeyed her Maker and enticed her husband into disobedience. The result has been that instead of learning the philosophy of good at first and of evil later, they and their race have been precipitated into lessons respecting evil first, with the knowledge of good to come later.

The holy angels, who have never transgressed the Divine Law, have continually the lesson of good—an appreciation of the Divine character, the principles of righteousness, etc. Their lessons in respect to evil they are gaining by observation instead of by experience—the way recommended to our first parents by the Creator, but in their ignorance rejected.

But God foreknew the course which His human children would take under the influence of temptation; He foreknew that they would fall into sin and therefore would experience its penalty: sorrow, pain and death. While His eye has pitied His poor creatures for six thousand years, nevertheless He has allowed His great original Plan of the Ages to move along slowly to a grand climax—the Plan which He purposed in Himself from before the foundation of the world.

God Has Not Neglected Us

From this Divine viewpoint God is not slack concerning His promises. Only six days of the week have yet passed. The glorious Seventh Day in which the great Mediator between God and men will assume His Kingdom powers is just at hand. Instead of thinking that God is neglecting and forgetting to fulfill the Messianic promise, we should with the eyes of faith realize that He is working all things according to the counsel of His own will. We should consider the matter from the opposite standpoint that God has exercised great patience with humanity in not blotting out the race. He has been long-suffering. This assures us that the Unchangeable One would prefer that none of His creatures should perish in death, but rather that all, if they would, might turn unto Him and live.—II Peter iii, 9. Ezekiel xxxiii, 11.

The great opportunity for the masses of our race to turn to the Lord and to attain everlasting life will be after the darkness shall have passed, when the Sun of Righteousness shall be shining forth; after the highway of holiness shall have taken the place of the broad road to destruction; after Messiah, the great King, shall have dethroned Satan, the Prince of darkness, from the world's control; after the Prince of Peace shall have established peace upon a proper basis.

FOR EXCHANGE

A new 6 room modern cottage on East Fifth street to trade for a walnut ranch close in. Price \$4000. A fine property.

A new 8 room modern house and fine barn to trade for an orange or walnut ranch. Price \$4500. A very nice home, only 1 block from car line.

IN THE JUSTICE'S COURT

SHERIFF TOOK THEM BOTH IN

Man Who Fired Shot and Man Hit in Arm Taken to the County Jail

The shooter and the shot of a Mexican shooting affair at Talbert Saturday night are in the county jail. The shooter is Firmin Aguilar and the man who was shot is Trinidad Romeriz. Romeriz has a bullet hole through his forearm.

Romeriz is not at all talkative concerning the shooting. About all that could be learned from him was that Aguilar quarreled with a man named Mendosa because Mendosa would not take another drink, that Romeriz was standing in the door of the P. E. section-house at Talbert when Aguilar came along and shot him. Romeriz did not say he was shot by mistake.

Sheriff Ruddock and Deputy Jernigan rounded up the two men Saturday night and put them in jail. Aguilar's father is wanted by the officers for shooting another Mexican through the leg some weeks ago.

Warrant issued. Judge Cox today issued a warrant for Tony Rangel, a Spanish man arrested at Huntington Beach and now in jail. Rangel imagines that he is acting innocent. He is charged with insanity.

Trial Is Set. Stoke Neal, charged with selling liquor illegally, was arraigned this morning. He pleaded not guilty and his trial was set for Saturday. His bond was set at \$300.

The ladies of the First Presbyterian church will give one of their good suppers Wednesday evening beginning at 5:30 o'clock. Free will offering. All cordially invited.

Why bake when you can get bread made of A-1 Flour at the Home Bakery, 413 West Fourth street.

M'NAMARA CASE

DECISIONS MADE

Question of Cause Not Disqualifying—Scruples as to Evidence Are

LOS ANGELES, Oct. 23.—Judge Bordwell this morning ruled that the holding of opinion regarding the Los Angeles Times explosion, which would require evidence to remove and which had been formed from reading the newspapers, is not alone sufficient to disqualify a prospective juror.

After this ruling Judge Bordwell finally excused Venetemen Robinson and A. R. McIntosh. Both explained they could never vote to hang a man on circumstantial evidence.

Before the court had made this ruling, which came in the case of Geo. W. McKee, a retired builder, he allowed the challenges heretofore interposed against A. R. McIntosh and E. C. Robinson, both of whom insisted they would not convict a man on circumstantial evidence where the death penalty was involved.

The defense attorneys tried hard to have Judge Bordwell reconsider his ruling in the McKee case, but the only concession they could get was that if they could produce authorities that would show him he was wrong he would "reopen the case."

The acceptance of McKee left four men in the box subject to peremptory challenge and the work of qualifying eight more, was immediately begun. This will prove a tedious task at the defense will now have to "sidestep the question of cause," and try to eliminate the objectionable veniremen by other causes.

Here is happiness for you—a perfect washing machine that is very inexpensive. Uses four processes at once—suction, squeezing, rubbing and stirring. Easy running, light and noiseless. Will do more work and better work with less labor than any other washer. We are exclusive agents for Wonder Washers. Horton-Spurgeon Furniture Co.

AT THE COURT HOUSE

CONTINUANCE TO THURSDAY

Death of One Attorney and Illness of Other Prevented Going to Trial

Anaheim Real Estate Agents Are Suing for \$1250 Commission on Deal

Because Attorney Victor Montgomery died suddenly last week and Attorney Jud Rush of Los Angeles was prevented from completing a case in Los Angeles by reason of illness, Judge West this morning continued until Thursday the opening of the trial of S. H. Overacker, charged with the murder of G. A. Winn at Newport in January of 1910.

Overacker had hoped to be represented in court by four attorneys, Le-compte Davis and Jud Rush of the firm of Davis & Rush of Los Angeles and Victor Montgomery and B. E. Tarver of the firm of Montgomery & Tarver of Santa Ana. Davis became engaged in the McNamara cases in Los Angeles and was thus prevented from taking part here.

Last Thursday night Victor Montgomery died suddenly of heart trouble. He had many of the details of the Overacker case in hand, and, according to the affidavit of his partner, had interviewed many of the witnesses that no other attorney for the defendant had interviewed.

With two attorneys thus lost from his cause, Overacker came to court this morning. It then developed that Attorney Rush, who had expected to complete a murder trial in Los Angeles in time to be here today, was taken with an attack of heart trouble last week and had to continue the Los Angeles case until today. He expects to be able to be here on Thursday.

Attorney Tarver asked Judge West to continue the case until Thursday. Tarver stated that there were a number of business matters having to do with the caring for the estate of Attorney Montgomery that demanded immediate attention.

Judge West granted the continuance, but stated that he wants to get to trial on Thursday, as he is informed that Davis & Rush are engaged to take part in a federal case next Monday, and unless the trial begins before Monday the attorneys might not be able to get a continuance in the federal court.

If Rush is unable to be here Thursday the chances are that Tarver will proceed with the selection of the jury. The first witnesses will be examined on Monday.

Sue For Commission. Suit to compel the man who threw down a real estate trade pay not only his commission but 10 per cent of the other party to the trade was begun in the superior court today by Laura Bell Resh and A. M. Danberry, doing business under the firm name of Danberry Realty Company at Anaheim.

The complaint, filed by Attorney F. C. Spencer, states that A. G. Blom, defendant, signed an agreement to trade fifteen acres at Anaheim to James McDonough for Los Angeles property. Blom agreed to pay the realty firm a commission of \$1250. On

Special Fall Jewelry Announcement

Our shelves and show cases are now filled with the very newest goods in our line. We feel sure we have the correct style at the price you want to pay and we know the quality is there. We now carry more than double the stock had last year and consequently have a greater assortment in all lines to select from. Quantities of new goods bought for the holiday trade are now arriving.

WE CORDIALLY INVITE YOU TO CALL AND SEE OUR NEW GOODS.

Diamonds

A large order of diamonds direct to us from the importers have recently been added to our stock of diamonds. In this lot are many beautiful mounted stones, also a number of unset diamonds of various sizes.

We Can Quote You Very Attractive Prices on Diamonds

First Class Jewelry and Watch Repairing.

In addition to our complete stock of Diamonds, Watches and Jewelry, we carry a large assortment of everything in Cut Glass and Table Silver. We would be pleased to have you call and inspect our new goods.

\$13.50-Round Trip-\$13.50

Sleeper, Meals and Hotel Accommodations Free

THURSDAY, OCT. 26

To Merced Colony No. 2

Merced Colony Number Two and its recent addition, Merced Colony Number Three, comprise 5500 acres of the best land in Merced County. The soil is a rich, deep, sandy loam, underlaid with a fine clay subsoil, containing no hardpan. It is especially adapted to

Alfalfa, Corn

Sweet Potatoes, Peaches, Grapes, Watermelons, Cantaloupes, Irish Potatoes, Beans, Tomatoes and a score of other fruits, vegetables and cereals. Grand First Prize and Twenty-two special premiums awarded Merced County products at the California State Fair this year. Grand First Prize and First Premiums on Alfalfa and Sweet Potatoes awarded our Colonies' products exhibited at the International Food Exposition.

Markets

The town of Winton and the station Yam are located at convenient points on the Colony on the main line of the Santa Fe Railway, which traverses the tract. Towns on three other lines of railroad are within easy hauling distance. San Francisco is only 135 miles by rail. The Merced Creamery last year paid the State's highest average for butter fat. Conditions are ideal for Dairymen, Hog Raisers and Poultrymen.

Irrigation

Merced Colonies Numbers Two and Three are situate on the northeast corner of the irrigation system and are the first tracts to receive the water from the Merced River. Main canals on the Colony are fifty feet wide; the smallest lateral ditches are twenty-four feet wide. A ditch is extended to the highest point of every lot. A perpetual water right goes with every lot, free. Water in big heads and unlimited quantities furnished in continuous flow during irrigation season.

Surface of the land is smooth. Slopes are correct for proper irrigation and perfect drainage. Soil is absolutely free from alkali. Climate is delightful, healthful and crop-encouraging. Our settlers are the best class of farmers; we invite you to join them.

10, 20 and 40-Acre Tracts

Merced Colony No. 3 has just been opened. In this tract you may now buy first choice lots at introductory prices. Even though your capital be limited our

BUMPER CITRUS HARVEST

Orange and Lemon Yield in San Diego County Is Biggest Yet Seen

SAN DIEGO, Oct. 23.—County Horticultural Commissioner Stuart, just returned from an extended tour of the

back country, reports that the orange and lemon crops this year will break all former records. The weather conditions prevalent throughout the season have been unvaryingly good.

There has also been a large area added to the acreage of citrus bearing fruits since the season of 1910.

The rush of colonists to this section during the thirty days just closed has far exceeded anything of that sort in the previous history of San Diego county.

Santa Ana Painless Dentists. 102 1/2 East Fourth St. Main 253.

Our Special Sale Of Hand-Painted Plates

Is Still On Choice 50c.

Saturday we sold about 200 of these beautiful Plates. Nearly everyone who saw them bought one or more. Don't delay if you want a plate.

About one-half of the 400 hand-painted plates we put on sale Saturday, were sold the first day. You would not be surprised at this, after seeing what splendid values they are. Did you ever know of hand-painted plates selling at such a low price before?

There are in the lot about a dozen styles of decorations and every one of them so beautiful that though we sold about half our stock, the line styles is practically unbroken.

If you want one of these plates you had better come in at once for at the rate they are going they won't last long and we can get no more to sell at this price.

STATE MOVES TO AID OF MOTHERS

Missouri Passes Pension Law for Widows With Support of Small Children

Baltimore American: "We have a recently enacted law in Missouri that is worth serious consideration by all other states," remarked Judge Charles B. Hopton of Sedalia, Mo.

"This law authorizes, under certain conditions, the payment of pensions to widows who have been left with small children to support, and who have no way to provide for their offspring except by going out in the world and working at some sort of wage-earning occupation. This piece of legislation, the first of its kind to be passed by any state, was drafted by Judge Porterfield of the Kansas City juvenile court, and was founded on his observations of the current tragedies of urban existence.

"Judge Porterfield long ago came to the conclusion that it was better for society to contribute a moiety to widows with young dependent children, so that the mother could remain at home and look after them properly. It is in the absence of the parent that small children learn the mischief that later makes criminals of them. In the long run it is not cheaper for the state to aid these helpless ones rather than that they should grow up to be idle and vicious adults, human delinquents that might have been saved had a poor, struggling mother been given a mite of aid at the proper time."

REMOVAL NOTICE

The Domestic Utilities Company who have heretofore been located at 307 North Sycamore street have temporarily moved to 1249 West Third street. Phone Black 1841 and we will send a demonstrator for our washing machines or baking ovens to your home.

New Method Gas Ranges save 25 per cent on your gas bills and cost no more than others. They are easy to keep clean, having patent non-corroding burners. Horton-Spurgeon Furniture Co.
